

Hallmark Welding Website – Loveable AI Prompt

Project Overview

Build a **premium enterprise-level industrial website** for **Hallmark Welding**.

The website should feel like a combination of:

- Apple
- Siemens
- ABB Robotics
- Framer
- Stripe
- Vercel

It should look premium, modern, clean, extremely responsive, and production-ready.

DO NOT create a template-looking website.

The UI should feel like a real ₹5–10 lakh corporate website.

The provided reference screenshots define the layout, spacing, section order, and visual hierarchy.

Tech Stack

Use **ONLY** these technologies:

- Next.js 15 (App Router)
- TypeScript
- Tailwind CSS
- shadcn/ui
- Framer Motion
- Lucide React
- Embla Carousel
- React Hook Form

- Zod
- next/image
- next/font

Rules

- No Bootstrap
- No plain CSS
- Component-based architecture only
